Szilvia Bukta Assistant Case Manager

November 2007– Present

Assistant Case Manager

Working at AKA Case Management Limited to provide a collaborative service that assesses, plans, implements, monitors and evaluates support options and services that meet the unique needs of the brain injured person and their families.

Keys Skills:

- Varied experience of working with brain injured individuals in the community..
- Exceptional communication skills with clients and staff.
- An excellent team player and able to manage and supervise staff, and to support team leaders with strong leadership and mentoring skills.
- Has recruited staff for care and support roles over a wide range of injury and need.
- Good problem solving, numeracy and IT skills, with excellent attention to detail.

My duties include:

- Providing a practical programme which ensures social and emotional support in line with the therapeutic plan
- Developing an individual package of care which best meets client's needs
- Ensuring the provision of practical assistance and guidance to support the client in day to day living
- Responsible for production of the weekly plan for the client including activity programme
- Planning specific areas of rehabilitation
- Ensuring an effective two way communication process
- Working with the case manager to enable the recruitment and supervision of support workers
- Leading, developing and supervising the work of the support staff
